

FIRE STRATEGY FOR 32 WEST TEMPLE ROAD SW14

The existing house comprises of a detached house built in the 1920s.

There is a ground floor, first floor and loft conversion.

At the moment all of the doors are fire rated and this will be the same after the build.

With the new proposals all doors to the hall way will be 30 minute fire rated doors.

The pocket sliding doors to the hall will be fire rated systems by Portman.
