

Comment on a planning application

Application Details

Application: 24/2170/HOT

Address: 42 St Marks Road Teddington TW11 9DD

Proposal: Part width first floor rear extension

Comments Made By

Name: Mr. Ian Simpson

Address: 38 Fairfax Road Teddington TW11 9BZ

Comments

Type of comment: Object to the proposal

Comment: I wish to object on the following grounds:-

I believe the proposed application of a part first floor extension presents a harsh and jarring form of development because of its lack of harmony with the immediate surrounding area.

The extension would be oppressive to the neighbouring semi causing a feeling of being enclosed with the potential loss of light amenity.

The structure is at variance to the immediate vicinity.

I believe this is over development of a small semi detached house.

The extension would cause an imbalance to the formation of the pair of semis that in turn creates an overly dominant appearance, a point of refusal for the application made by 40 St Marks Road.
