Why do you consider that a Lawful Development Certificate should be granted for this proposal?
Richmond House Extensions and External Alterations SPD states that permitted development applications do not require planning permission so long as they meet the requirements set out by the Government Planning Portal.  These requirements are:  "8) If the extension is within 2m of a boundary, maximum eaves height should be no higher than 3m to be permitted development.  9) Single-storey rear extensions must not extend beyond the rear wall of the original house* by more than 4m if a detached house; or more than 3m for any other house. Where not on designated land* or a Site of Special Scientific Interest, this limit is increased to 8m if a detached house; or 6m for any other house. See our 'extensions common project for more detail."  The extension proposed in these applications is 3m of height at the eaves and extends 3m from the rear elevation. Hence it meets the
requirements of permitted development.
