Comments

Type of comment: Object to the proposal

Comment: Already chaos at drop off and pick up times, the addition of at least 30 more cars is only going to exacerbate the problem.

Despite assurances by the school that they encourage the parents to park further afield and walk, this is obviously not happening as people attempt to get as close as possible to the gate. As others have mentioned, this often results in the blocking of driveways and illegally parking on the yellow school lines directly outside. This in turn has a direct impact on highway safety and road access as sometimes it is possible for the road to be entirely gridlocked, blocking access for the local residents.

There is no way that the proposed increase in vehicles can be managed so as not to compound these problems.
