

Comment on a planning application

Application Details

Application: 24/2206/FUL

Address: Strawberry Hill Golf Club Wellesley Road Twickenham TW2 5SD

Proposal: Erection of a golf ball stop netting measuring 7.4 metres in height and 30 metres in length

Comments Made By

Name: Mrs. Sylvia Wallace

Address: 9 Golf Side Twickenham TW2 5NR

Comments

Type of comment: Object to the proposal

Comment: We in 9 Golf Side (Lower Maisonette) completely object to this project as it will severely deprive us of light, and light is very important to us as my son has eye trouble and I, at 74, need all the light I can get for reading and other occupations. For that reason I always need to sit by the window even more so in winter.

Frankly speaking we are very puzzled by this proposal; our present fence is quite high and golf balls coming into the back communal garden are extremely rare, so it does feel like making a mountain out of a molehill.

Visually the whole development project seems remarkably ugly and designed to ruin the visual aspect of those living on the lower floors of these maisonettes.

We therefore beg you to reconsider this scheme as it seems that the disadvantages far outweigh any possible advantage. If you do decide to go ahead, we will be forced to move elsewhere, after 13 happy years.

With Kind Regards,
Sylvia Wallace and Boris Deganutto
