### Comments

**Type of comment:** Object to the proposal

**Comment:** 1. Loss of light. The building would be directly in front of my south facing house which is only 2 storeys high  
2. Roof top terrace in a suburban community. Really ! Looking in all our bedroom windows. ?!  
3. Noise from suggested terrace will be intrusive to all inhabitants of Lower Mortlake rd.Tersha. & Cedar terrace  
4. Drains. Think large developments should include their own drainage system  
5. The building has always been a white elephant. It has never been full. Does Richmond need even more office space.  
6 my suggestion would be units for those who work from home but cannot build a cabin in their back garden
