Comments

Type of comment: Object to the proposal

Comment:

- Adequacy of parking/loading/turning: the age of the children means many will be dropped off by car. Naturally the access road to The Poppy Factory and the RBS garages will be used. Traffic waiting here is already an issue and poses added danger to emergency services needing to access.
- Highway safety: the width of the pavement, right next to the front door, is not wide enough to accommodate more footfall without causing increased danger as people already linger for the bus
- Noise and disturbance resulting from use: school of 'rock'. Regardless of a desk-top exercise presenting what noise levels could be, the reality will be very different. Children leaving post class at 10pm at night and windows being opened on hot summer days when enjoying residents balconies will be real-time issues. The 1882 Richmond Brewery Stores is not a suitable trial location for the UK franchise. Maybe a warehouse in Manchester?!
