

1. Floor plan - annotating the position of the proposed bathroom and kitchen extractor fans.

(Note the floor plan is not 100% accurate - see revised off-centre position of bathroom window)

Also the following supporting photos:

- External photo of east elevation with annotations showing proposed position of bathroom and kitchen extractor vents
- Internal photo of bathroom (showing window adjacent to position of the proposed extractor fan)
- Internal photo of kitchen (showing window adjacent to position of the proposed extractor fan)

2. Specification

Wall mounted electric extractor fan

150mm x 150mm external vent

as below or similar:

3. Heritage Statement

Please advise whether Kendal Court falls within a conservation area or have an Article 4 direction attached to it?

I dont believe that the proposal to install one or two 150mm a 150mm extractor fans would have any significant effect on the building or the setting. Therefore there would be nothing of any significance to include in any Heritage Statement.

However, if further information is required under this heading, please advise what detail is required and confirm if there is a specific form / format that this needs to be provided in?

4. Reasonable Exception Statement

I dont believe the proposal to install one or two 150mm a 150mm extractor fans is relevant to, or has any impact on the buildings fire safety strategy.

Please see Reasonable Exception Statement (RES) attached.
