Comments

Type of comment: Support the proposal

Comment: Encroachment of some roots from c 3 large trees in the gardens of St Stephen's Gardens planted close to the boundary wall with Dorchester Mews is causing and will continue to cause damage (lift and subsidence from water draw) to the cobbled surface of the Dorchester Mews estate, in turn, presenting a trip hazard to the generally elderly residents. The roots are also presenting a risk to garage and carport structures in Dorchester Mews.
