### Comments

**Type of comment:** Support the proposal

**Comment:** I wish to support the removal of all the tree roots and overhanging trees that have caused damage to my property and will continue to do so.

These are my assets and I should not have to keep worrying about the damage being done to my property. I am also concerned about the uneven surface of the carports, that will only keep getting worse if left. I am in my eighties and am seriously worry about having a fall due to the bad surfaces.
