

Comment on a planning application

Application Details

Application: 24/2330/HOT

Address: 64 Boileau Road Barnes London SW13 9BL

Proposal: Part single, part two storey rear/side extensions and front porch addition. Alterations to existing roof to create a habitable second floor with a rear dormer, roof light additions and alterations to existing fenestrations.

Comments Made By

Comments

Type of comment: Object to the proposal

Comment: We are against the new application on the following grounds:

1. We feel the new application is closer in size to the previously rejected application 23/2580/HOT. And is overbearing on the neighbouring properties. The council already rejected the previous plan and it is not clear why the application is made again. Looking from outside the house under construction is already very very massive.
2. The applicants claim construction hasn't started and that warrants planning application revision. However we observed some construction works going on for a couple of months and with construction site covered it's hard to verify what was being done inside.
