Letter Printed 6 November 2024

FOR DECISION DATED
6 November 2024

Dear Sir/Madam

The Town and Country Planning Act 1990, (as amended)
Decision Notice

Application: 24/2305/HOT
Your ref: 19 Church Road, SW13 9HE
Our ref: DC/RHE/24/2305/HOT/HOT
Applicant: Horsfield
Agent: Mr G Hoeg

WHEREAS in accordance with the provisions of the Town and Country Planning Act 1990 and the orders made thereunder, you have made an application received on **13 September 2024** and illustrated by plans for the permission of the Local Planning Authority to develop land situated at:

19 Church Road Barnes London SW13 9HE

for

Alterations to boundary enclosures, movement of 1no. masonry pier to vehicular access, replacement of metal gates.

NOW THEREFORE WE THE MAYOR AND BURGESSES OF THE LONDON BOROUGH OF RICHMOND UPON THAMES acting by the Council of the said Borough, the Local Planning Authority HEREBY GIVE YOU NOTICE pursuant to the said Act and the Orders made thereunder that permission to develop the said land in accordance with the said application is hereby **GRANTED** subject to the conditions and informatives summarised and listed on the attached schedule.

Yours faithfully

A handwritten signature in black ink, appearing to read 'R. Angus', with a long horizontal flourish extending to the right.

Robert Angus
Head of Development Management

DETAILED CONDITIONS AND INFORMATIVES

DETAILED CONDITIONS

AT01 Development begun within 3 years

The development to which this permission relates must be begun not later than the expiration of three years beginning with the date of this permission.

REASON: To conform with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

U0192332 Approved Drawings

The development hereby permitted shall be carried out in accordance with the following approved plans and documents, where applicable.

Location Plan, HA-1016-200-PP-GF-G, HA-1016-210-PE-FR, HA-1016-211-PD-FR received 13th September 2024

REASON: To accord with the terms of the application, for the avoidance of doubt and in the interests of proper planning.

U0192333 Fire Safety

The development must be carried out in accordance with the provisions of the Fire Safety Strategy received 17/09/2024

REASON: To ensure that the development incorporates the necessary fire safety measures in accordance with the Mayor's London Plan Policy D12.

U0192334 Materials

No new external finishes (including fenestration), including works of making good, shall be carried out other than in materials to match the existing, except where indicated otherwise on the submitted application form and drawings.

REASON: To ensure that the proposed development is in keeping with the existing building and does not prejudice the appearance of the locality.

U0192335 Submitted Arboricultural and tree planti

A. The development hereby approved shall not be implemented other than in accordance with the principles and methodology as described within the approved Arboricultural "BS 5837:2012 Tree Survey, Arboricultural Impact Assessment, Method Statement & Tree Protection Plan for 19 Church Road, dated 04-10-2024", unless otherwise previously agreed in writing with the local planning authority.

B. Prior to commencement of works, confirmation of the appointment of a retained Arboricultural consultant to conduct and submit an auditable system of site supervision and monitoring shall be submitted to and approved by the Local Planning Authority via the LBRuT planning portal.

C. Illustrated monitoring reports shall be submitted to and approved by the Local Planning Authority, via the LBRuT planning portal, upon completion of works hereby approved.

D. Written and photographic confirmation of the proposed tree planting, as specified in the approved "BS 5837:2012 Tree Survey, Arboricultural Impact Assessment, Method Statement & Tree Protection Plan for 19 Church Road, dated 10-05-2024", to be submitted at the conclusion of the project and approved in writing by the local planning authority.

E. If within a period of 5 years from the date of planting that tree or any tree planted in replacement for it, is removed, uprooted, destroyed or dies (or becomes in the opinion of the local planning authority seriously damaged) then the tree shall be replaced to reflect the specification of the approved planting scheme in the next available planting season or in accordance with a timetable agreed in writing with the local planning authority.

REASON: To ensure that the tree(s) are not damaged or otherwise adversely affected by demolition, building operations, excavations and soil compaction and to safeguard the appearance of the locality.

DETAILED INFORMATIVES

BNG02 Biodiversity Gain Plan No Pre-Approval

Approval of a Biodiversity Gain Plan will not be required before development commences

Biodiversity Net Gain

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition ('biodiversity gain condition') that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be the London Borough of Richmond upon Thames.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These are listed below.

Based on the information available this permission is considered to be one which will not require the approval of a biodiversity gain plan before development is begun because one or more of the statutory exemptions or transitional arrangements in the list below is/are considered to apply.

Statutory exemptions and transitional arrangements in respect of the biodiversity gain condition.

1. The application for planning permission was made before 12 February 2024.
2. The planning permission relates to development to which section 73A of the Town and Country Planning Act 1990 (planning permission for development already carried out) applies.
3. The planning permission was granted on an application made under section 73 of the Town and Country Planning Act 1990 and
 - (i) the original planning permission to which the section 73 planning permission relates* was granted before 12 February 2024; or
 - (ii) the application for the original planning permission* to which the section 73 planning permission relates was made before 12 February 2024.
4. The permission which has been granted is for development which is exempt being:
 - 4.1 Development which is not 'major development' (within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015) where:
 - (i) the application for planning permission was made before 2 April 2024;

(ii) planning permission is granted which has effect before 2 April 2024; or
(iii) planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 where the original permission to which the section 73 permission relates* was exempt by virtue of (i) or (ii).

4.2 Development below the de minimis threshold, meaning development which:

(i) does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and
(ii) impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (as defined in the statutory metric).

4.3 Development which is subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015. A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

4.4 Development of a biodiversity gain site, meaning development which is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the Biodiversity Gain Planning condition which applies in relation to another development, (no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee).

4.5 Self and Custom Build Development, meaning development which:

(i) consists of no more than 9 dwellings;
(ii) is carried out on a site which has an area no larger than 0.5 hectares; and
(iii) consists exclusively of dwellings which are self-build or custom housebuilding (as defined in section 1(A1) of the Self-build and Custom Housebuilding Act 2015).

4.6 Development forming part of, or ancillary to, the high speed railway transport network (High Speed 2) comprising connections between all or any of the places or parts of the transport network specified in section 1(2) of the High Speed Rail (Preparation) Act 2013.

* 'original planning permission means the permission to which the section 73 planning permission relates' means a planning permission which is the first in a sequence of two or more planning permissions, where the second and any subsequent planning permissions are section 73 planning permissions.

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

The effect of section 73D of the Town and Country Planning Act 1990

If planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 (application to develop land without compliance with conditions previously attached) and a Biodiversity Gain Plan was approved in relation to the previous planning permission ('the earlier Biodiversity Gain Plan') there are circumstances when the earlier Biodiversity Gain Plan is regarded as approved for the

purpose of discharging the biodiversity gain condition subject to which the section 73 planning permission is granted.

Those circumstances are that the conditions subject to which the section 73 permission is granted:

- (i) do not affect the post-development value of the onsite habitat as specified in the earlier Biodiversity Gain Plan, and
- (ii) in the case of planning permission for a development where all or any part of the onsite habitat is irreplaceable habitat the conditions do not change the effect of the development on the biodiversity of that onsite habitat (including any arrangements made to compensate for any such effect) as specified in the earlier Biodiversity Gain Plan.

U0095556 NPPF APPROVAL - Para. 38-42

In accordance with paragraphs 38-42 of the National Planning Policy Framework, Richmond upon Thames Borough Council takes a positive and proactive approach to the delivery of sustainable development, by:

- o Providing a formal pre-application service
- o Providing written policies and guidance, all of which is available to view on the Council's website
- o Where appropriate, negotiating amendments to secure a positive decision
- o Determining applications in a timely manner.

In this instance:

- o The application was acceptable as submitted, and approved without delay.

U0095555 Composite Informative

Reason for granting:

The proposal has been considered in the light of the Development Plan, comments from statutory consultees and third parties (where relevant) and compliance with Supplementary Planning Guidance as appropriate. It has been concluded that there is not a demonstrable harm to interests of acknowledged importance caused by the development that justifies withholding planning permission.

Principal Policies:

Where relevant, the following have been taken into account in the consideration of this proposal:-

London Plan Policies: D4, D12, HC1

Local Plan Policies: LP1, LP3, LP4, LP8, LP16

Supplementary Planning Guidance: Buildings of Townscape Merit, House Extension and External Alterations, Conservation Areas, Village Plan - Barnes

Building Regulations:

The applicant is advised that the erection of new buildings or alterations to existing buildings should comply with the Building Regulations. This permission is NOT a consent under the Building Regulations for which a separate application should be made. For application forms and advice please contact the Building Control department, 2nd floor, Civic Centre, 44 York Street, Twickenham, TW1 3BZ. (Tel: 020 8891 1411).

If you alter your proposals in any way, including to comply with the Building Regulations, a further planning application may be required. If you wish to deviate in any way from the proposals shown on the approved drawings you should contact the Development Management department, 2nd floor, Civic Centre, 44 York Street, Twickenham, TW1 3BZ. (Tel: 020 8891 1411).

Damage to the public highway:

Care should be taken to ensure that no damage is caused to the public highway adjacent to the site during demolition and (or) construction. The Council will seek to

recover any expenses incurred in repairing or making good such damage from the owner of the land in question or the person causing or responsible for the damage.

BEFORE ANY WORK COMMENCES you MUST contact the London Borough of Richmond upon Thames, 44 York Street, Twickenham TW1 3BZ, Telephone 020 8891 1411 to arrange a pre-commencement photographic survey of the public highways adjacent to and within the vicinity of the site. The precondition survey will ensure you are not charged for any damage which existed prior to commencement of your works.

If you fail to contact us to arrange a pre commencement survey then it will be assumed that any damage to the highway was caused by your activities and you will be charged the full cost of repair.

Once the site works are completed you need to contact us again to arrange for a post construction inspection to be carried out. If there is no further damage then the case will be closed. If damage or further damage is found to have occurred then you will be asked to pay for repairs to be carried out.

Noise control - Building sites:

The attention of the applicant is drawn to the requirements of Section 60 of the Control of Pollution Act 1974 in respect of the minimisation of noise and vibration on construction and demolition sites. Application, under section 61 of the Act for prior consent to the works, can be made to the Environmental Health department.

Under the Act the Council has certain powers to control noise from construction sites. Typically the council will limit the times during which sites are permitted to make noise that their neighbours can hear.

For general construction works the Council usually imposes (when necessary) the following limits on noisy works:-

Monday to Friday 8am to 6pm

Saturdays 8am to 1pm

Sundays and Public Holidays - No noisy activities allowed

Applicants should also be aware of the guidance contained in British Standard BS 5228-1:2009+A1:2014 - Noise and vibration control on construction and open sites.

Any enquiries for further information should be made to the Noise & Nuisance Team, Regulatory Services Partnership NoiseandNuisance@merton.gov.uk.

END OF SCHEDULE OF CONDITIONS AND INFORMATIVES FOR APPLICATION
24/2305/HOT

HOT Applications

Making an Appeal – Summary Guidance

Whether to appeal

If the Local Planning Authority (LPA) turn down your application, you should look carefully at the reasons why they turned it down before you make an appeal. You should speak to the LPA to see if you can sort out the problem - perhaps by changing your proposal. An appeal should only ever be a last resort.

Type of appeal

Refusal of permission for HOT applications – this type of appeal is appropriate for domestic alterations and extensions and any ancillary development in the garden. It is not appropriate for alterations to flats.

Appeal time

Within 12 weeks of the date of this notice.

Who can appeal

The applicant or their agent may lodge an appeal

The appeals process

Appeals must be made

- Online at www.planninginspectorate.gov.uk, or
- Using a form which you can get from Initial Appeals, The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN.

It will be expected that all appeal documentation will be submitted electronically.

The Planning Inspectorate (on behalf of the Secretary of State) will determine the appeal procedure to be followed. Normally this will proceed by way of the Householder Appeal Service which will rely solely on information submitted at application stage. The Council will send copies of any letters of objection or support they received when considering your application. Further submissions or statements will not be accepted by the Planning Inspectorate.

Your householder appeal will be decided by a Planning Inspector. He/she will consider all the application documents and grounds of appeal and also make an unaccompanied visit to the appeal site. You may be required to provide access to the site for the Inspector.

Appeal decision

80% of householder appeal decisions will be issued within 8 weeks from the start date of the appeal.
