Description of Proposed Works

Please describe the proposed works

Conversion of existing double carport to a double garage. The existing carport is open on three sides and has a solid wall to the rear (north east elevation). The current structure is dark grey Glulam with a flat asphalt roof.

Permission for the existing double carport was granted as part of the permission to build the house, 15/4878/FUL. Permission for half carport and half garage on the same site was previously granted as part of 14/5127/FUL.

The proposal is to infill the currently open sides of the carport as follows:

- Two vertically-raising, electronically operated sectional garage doors to the south west elevation
- Sliding glass panels to the south east elevation together with a solid entrance door
- Solid wall to the south west elevation
- No change to the north east elevation
- No change to the roof.

The infill walls and infill sliding glass would be visually in keeping with the existing house style using the same RAL colours (white walls and dark grey door surrounds).

The existing carport is within the boundary of the property. There will be no change to the current access which is through electrically-operated gates. There is an existing 4.7m dropped kerb which will not be altered.

The existing carport cannot be seen from the road and this will not change (no trees or bushes will be damaged or felled).

Has the work already been started without consent?

- Yes
 No

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

- It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.
