This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.
Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

Section 3.1 Visual Intrusion and Sense of Enclosure - The indicative rear extension protrudes 2.6m from the existing dwelling. This projection of single-story extension is appropriate for a terraced property.  Section 3.2 Privacy and Space between Buildings - The indicative rear extension shows no windows on either of the side elevations and therefore it can be considered that it would not result in any substantial loss of privacy.  Section 3.3 Sunlight and Daylight - The indicative rear extension is unlikely to meet the 45-degree test for daylight/sunlight for neighbouring habitable rooms. Mitigation measures should be considered.  Section 3.4 Amenity Space - 2-bedroom properties should maintain 40m2 of garden space. The indicative extension retains at least 40m2 of garden space.  Section 3.5 Light Pollution – As the indicative extension proposes no windows to the side elevation, potential light pollution is not considered an issue.  Section 5.3 Walls – The indicative extension should retain original brickwork and match existing bricks, bonding or pointing. This is particularly relevant in a conservation area of which the subject site is within. This is noted on the plan provided.  Section 5.4 Windows – The indicative extension should maintain the same or consistent detail, alignment and style of windows to ensure character is retained.  Section 6.4 Windows – The indicative extension should maintain the same or consistent detail, alignment and style of windows to ensure character is retained.  Section 9.2 Roofs - It is generally desirable to use a pitched roof on all two storey, side or rear extensions, however in the case of the indicative proposal, maintaining the existing flat top roof at the rear is most appropriate.
Authority Employee/Member  With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
