Type of comment: Object to the proposal

Comment: I thank the applicant for clarifying the detailing regarding the stone coping to the brick pier abutting 45 Ormond Crescent in their latest revised drawing.

If facing bricks are to be used the wall will jut out and be unsightly and will encroach onto the existing public pavement. I object to this as should the council. 43 Ormond Crescent should not encroach onto the public pavement by any amount.

Furthermore I concur and agree with the objections raised by no.41 Ormond Crescent today and previously.

What measures will Richmond planning take to ensure that any planning permission granted to no.43 Ormond Crescent is strictly adhered to on this occasion?
