Comment: I would like to add a supplement to our previous submission.

In addition to our concerns relating to noise and disturbance, loss of visual amenity and loss of privacy, we would like to highlight a concern relating to layout and density of building. The proposed development will be approximately 13.5m from the back of our house, compared to approximately 30m from the back of the applicants house. The proposed bungalow, at a height of 3m will be taller than the existing shed, and at the close proximity to our house would lead to a sense of enclosure and inappropriate building density.
