Comment: Thank you for sharing the details for the planning applications made for 9 Shrewsbury Avenue. Whilst we do not object to the proposal I would question the rear dormer. We recently made an application, when doing extensive work to number 11 which was rejected when proposing to have the rear dormer full width. It would be disappointing if this is now approved. If this is approved we expect the usual processes to be followed meaning a party wall award being discussed prior to the work starting.
Thank you
