Description of Proposed Works
Please describe the proposed works
For the house, the proposed works do not involve the increase of area to the house at this site address. Proposed works include moving the front door to a position where the existing side window is, and returning the opening where the original front door was in to a window. The proposals also include the removal of an existing velux rooflight and the addition of a velux roof light to the flat roofed area of the property. These alterations would normally fall under permitted development but are required as a Planning Application here because of condition 'GD02A Restriction - Alterations/Extn - Amenity' under Planning Permission 04/3115/FUL ' Sub-division of house to create a self-contained 2 bed dwelling and formation of parking', which restricts external alterations to the house under permitted development. We consider that the proposals contained here do not adversely affect the amenities of the adjoining property or the area generally. We consider that the proposals enable revisions to the house which enable the spaces to be used more efficiently, and with more convenient access to the outside garden and gate to the dive-way. For the garden, the proposed works include a new summer house to replace an existing shed, with an area of paving between the new summer house and an existing pergola. These items would fall under permitted development with the height of the new summer house not exceeding 2.5M and the total area of both garden enclosures not exceeding 50% of the garden space. Has the work already been started without consent? Yes No

Details of the pre-application advice received
The original planning permission 04/3115/FUL for 'Sub-division of house to create a self-contained 2 bed dwelling and formation of parking' includes the condition GD02A, restricting permitted development rights to the external appearance of the existing house. (This condition seems not to apply to the garden or garden structures).
Consequently, this application is being made as a Householder Planning Application, rather than for Permitted Development Consent as a Certificate of Lawfulness.
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
