

Notes:

- * Manually operated 4.5m car turntable by 'SpinIt' or similar (permits rotation of a large family car, to be facing out when driving away)
- * Provides 2No. Parking Spaces (1 on turntable)
- * Public Highway matters: A separate application is to be made to Richmond Highways Department for the dropped kerb and removal of parking space consents

Rev A 14/08/2023 Entrance alterations

Rev B 03/12/2024 Substitution of No dig 'Cellweb@Tree Root Protection (TRP)' in gravel parking area, with levels adjusted accordingly

JOHNSON'S DRIVE

Parking restriction lines commence

Parking space to be retained

1 parking space to be REMOVED *(See note)

NOTE: Porous gravel area previously shown had sub base that involved digging into RPA of tree T3. To avoid possible root damage, this is now replaced by Cellweb@TRP cellular confinement system, to be laid over RPA (ie. a 'No dig' solution), with surface level of gravel and turntable adjusted by 225mm to accommodate this.

Tree T3
 Existing boundary wall. (Yellow stock brick, English Bond, 2.1m high)

Existing height difference = 300mm approx

Apply boundary wall in matching yellow stock brick

New matching boundary wall in yellow stock brick

SLOPE UP TO TURNABLE
 0.00mm

Highways approved dropped kerb and crossover *(See note)

Position of removed espalier fig & Laurel trees

Existing red brick boundary wall

New matching boundary brick wall return, utilising recovered red bricks, tooled into existing to form corner
