Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The proposed works will reinstate existing materials where possible, and where it is necessary to replace existing external finishes or cladding materials, we will use visually matching products or systems, ensuring that the proposals do not materially alter the buildings' external appearance. We therefore trust that the proposed works will not require a planning application and that this application for a Certificate of Lawfulness is appropriate.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The building primarily consists of a clay tile cladding system along with EPS Insulated render system on blockwork. Where it is necessary to replace existing external finishes such as EPS EWI system, we will use visually matching products, ensuring that the proposals do not materially alter the buildings' external appearance. We therefore trust that the proposed works will not require a planning application and that this application for a Certificate of Lawfulness is appropriate.
