Summary:

The proposal in principle could be supported, however the following concerns must be addressed/amended:

- The bay is objected to in principle as an uncharacteristic addition to the purposefully simple design of this semi-detached dwelling. These works should be removed from the proposals in their entirety.
- The introduction of cement tiles is objected to as these often appear poor quality. Matching clay pantiles should be used to retain the existing character of the conservation area.
- The 1.8m high obscure glazed screen along the shared flank elevation with No.50 will mitigate loss of privacy and overlooking to habitable windows. However, concerns remain regarding overlooking to the private rear garden of No.50, and an overbearing sense of enclosure would be created.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
