**Comment:** I live at 15 Devoncroft Gardens, to the rear of the property being developed. I am objecting on the grounds of noise and disturbance, it was really bad for much of last year (we couldn't use our back yard for most of the summer) and the danger that vibrations and significant underground works will damage our infrastructure in this densely populated area. I also think it will have an impact on the landscape as it is out of character for this conservation area.
