

Comment on a planning application

Application Details

Application: 25/0072/HOT

Address: 114 The Green Twickenham TW2 5AG

Proposal: Proposed outbuilding

Comments Made By

Name: Mr. Stephen Bartlett

Address: 112 The Green Twickenham TW2 5AG

Comments

Type of comment: Object to the proposal

Comment: With regards to the drawings submitted showing the proposal, there are no notes clarifying colour / finishes / types of materials proposed to the exterior of the building, including external windows & doors. Also it is unclear as to what the materials / finish / colour the roof will be, I feel it should be in keeping with the main building especially bearing in mind that 114 / 112 The Green form a building of townscape & are within a conservation area.

In addition, as drawn, there is no allowance for maintenance / leaf clearing to the boundary.

No provision is shown for the collection / disposal of rainwater, no falls are indicated to the roof nor locations of RW downpipes to the exterior.

Mature shrubs would need to be removed to facilitate the construction which currently add greatly to the garden scape here which I feel is important to maintain.
