Comments

Type of comment: Object to the proposal

Comment: I am concerned that my property on the lower ground floor of Argyle House will be overlooked by the additional units and may suffer from a loss of natural light (and note that the rights of light assessment does not appear to take the lower ground properties on the western elevation into account). I am also unclear as to the proposals for the existing bin store and cycle storage, which are already inadequate for the number of units in the block, so have a further concern at the proposal to increase the density of the building. I am unable to support the application without these concerns being addressed.
