Dear Sir/ Madam,

**13 THE TERRACE, BARNES– PLANNING & LISTED BUILDING APPLICATION
REPLACEMENT OF DORMER WINDOW**

Please find herewith our re-application for Planning & Listed Building Consent for the above works. Our previous application Ref 24/2188/LBC refers. This was refused as the client had previously submitted an inappropriate glazing build-up within the dormer window. This has now been amended in accordance with advice provided by your officer Ms Roberta Henriques on 2nd December 2024.

This new application comprises a pair of slimline timber casement windows with a 16mm glazing build-up (4/8/4mm). We attach the following information:

1. Completed CIL form
2. Design and Access Statement
3. Brief Heritage Statement
4. Photographs of existing window
5. Copies of the following drawing:

2954 A020 P3 Proposed Elevation Scale 1:20

We trust this will be acceptable. Should you require any further information or have any queries please contact Ray Poulter at this office.

Yours faithfully

BHM Architects
