Professional Comments

The main considerations under the scheme are the impact the proposed development and lighting will have upon the character and appearance of building / area and the nearby listed building. There are no impacts to residential properties.

The proposed lighting and signage is of a moderate scale and due to the sites location and use, these are not considered to result in harm to the character and appearance of the area or nearby listed building, but in fact compliment the buildings function.

Therefore it is considered that the proposals would not be detrimental to the visual amenities of the building or area or nearby listed building and is in accordance with policies BLT 22 and 23 of the London Borough of Richmond Upon Thames Unitary Development Plan: First Review 2005.
