

Conservation Kerb 145 x 255mm for laying upright Concrete Kerb

- Combines the appearance of Granite Aggregate with precision manufacture, further enhanced by a secondary shot blasting process.
- Based on traditional dimensions, 145 x 255mm, this kerb unit offers a wider and squarer profile than the usual British Standard Kerbs.
- Ideal for use in areas where a more attractive kerb unit is required.
- Product compliant to BS EN 1340:2003.
- A full range of complementary products are available – Conservation Paving, Edging, Setts, Mistral Concrete Block Paving and Mistral Piora.
- Conservation Kerb uses 48.3% recycled aggregates.

Colours

Precise colour and surface texture should be judged from actual materials rather than photographic representations.

Silver Grey

Harvest Buff

Charcoal

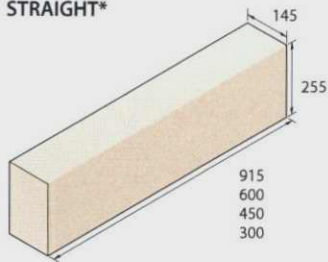

Conservation Kerb with co-ordinated Edging

Conservation Kerb, Silver Grey, Centraloft, Newcastle Upon Tyne

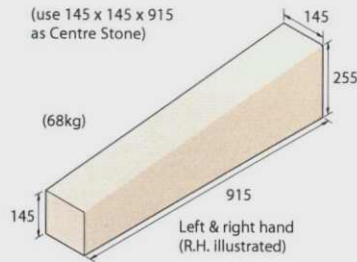

STRAIGHT*

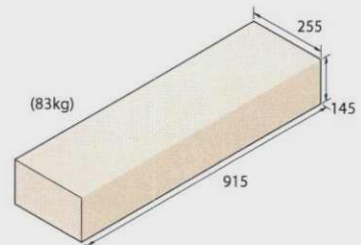

*Can also be laid flat (255 x 145mm)
