

RECEIVED  
23 DEC 2009  
PLANNING

- Key**
-  Existing trees to be removed
  -  Existing trees to be retained and protected to BS 5837
  -  Extent of protective fencing to trees
  -  No-Dig Construction Zone

**Note:**

To be read in conjunction with Arboricultural Survey

Digging and excavations within the Root Protection Area (RPA) are to be carried out by hand or contractor to supply a method statement to works within No-Dig or RPA.

Contractor to stop works and notify LA immediately if roots exceeding 25mm Diameter are unearthed during excavation.

Cellweb system to be installed prior to excavations of building foundations to prevent root damage caused by compaction of soil as a result of vehicular over-run.

Access to Hazard Waste Store to remain in place at all times, subject to planning approval.
