### Comments

**Type of comment:** Object to the proposal

**Comment:** The plans are not going to enhance the Twickenham Riverside area and keep it in line with a conservation area. Creating greater commercial space and apartment buildings is not adding to that. It is going to lead to over crowding the area with more people and less parking spaces. It will impact those that live on eel pie island and cause more river traffic in an already narrow river channel with many using the river that do not know river safety and navigation rules.
