

## Comment on a planning application

### Application Details

**Application:** 21/3107/FUL

**Address:** Barnes Hospital South Worple Way East Sheen London SW14 8SU

**Proposal:** Drop-in full application to supersede residential development zone of previously approved Outline planning permission 18/3642/OUT. Demolition of existing structures and redevelopment of site including construction of three new buildings comprising 106 residential units of mixed tenure (Use Class C3), alterations and conversion of two existing buildings for 3 residential use (Use Class C3), car and cycle parking, landscaping and associated works.

### Comments Made By

**Name:** Mr. Tim & Linda Jameson

**Address:** 89 Grosvenor Avenue East Sheen London SW14 8BU

### Comments

**Type of comment:** Object to the proposal

**Comment:** We object to the consideration of the residential development in isolation, in the light of the commitment at the time of outline planning consent to consider the 3 aspects of the development together. Each of the 3 aspects will potentially impact on the other 2.

Taking the development on a piecemeal basis will spread disruption over a greater time period with extended traffic chaos and inconvenience to neighbouring residents. The development, both in its height and density of housing intended, will prove overbearing taking account of the current nature of the neighbourhood. The problems likely to be associated with new residents parking will inevitably spill into what are already congested neighbouring areas. The pressure of access to the site will increase the traffic on White Hart Lane and add further to the pollution already experienced as traffic is held at the level crossing.

The constituents currently living in the environs of the site will require adequate time to review any amended proposals and to consider them in the light of proposals concerning the remaining 2 elements of the development.
