Comments

Type of comment: Object to the proposal

Comment: I wish to wholeheartedly object to the proposal. It seems that absolutely no consideration to the increase in traffic, which is already regularly at a standstill, huge increase in pollution, noise, higher impact on the risk of danger to pedestrians at the White Hart Lane level crossing and with no easy access to the site from any direction. The impact of the building of any of the project which would take years would be devastating to the local environment.
