Comments

Type of comment: Object to the proposal

Comment: I am in favour of sensible development of the brewery site but in a way that is sensitive and in keeping with the surrounding area. 9 storey blocks and the sheer number of buildings proposed are not in keeping. In addition I have a major concern about ability of the existing infrastructure - primarily roads and rail - coping. They are already gridlocked and busy respectively. Adding the volume of traffic that will result from the development as proposed is just not feasible and will be detrimental to the area.
