Comment: The site needs redeveloping but the infrastructure - roads, buses, rail - is not there to support it as planned. I see no indication that the house prices will be more affordable - a reason cited in one of the few letters of support - and while many of us would like to see less traffic, the closure of Hammersmith Bridge and the congestion along Mortlake High St, Clifford Ave (high even before the bridge closed) will not be reduced unless there are better plans. 9 storey buildings are also unnecessarily high for that area. So yes, develop, but not these plans as they are, and not without better infrastructure.
