Comments

Type of comment: Object to the proposal

Comment: I strongly object to the proposal.

The development is too dense for the area. The traffic issues have not been addressed. The roads are often at a standstill now. Getting into and out of Barnes takes substantially more time than it did 5 years ago and movement over the weekend is best avoided. There are already 2 developments proceeding in the area which will impact on traffic and congestion.

The development is also not in keeping with the area. High rise blocks are not in keeping. This is a suburban, family area. The development should be in keeping with the residential dwellings of the area and maintain green family spaces. Pollution has also not been addressed.
