The air pollution in this area is already higher than the regulated limits and the additional population will make this worse.

The congestion at the Sheen Lane Level crossing is appalling. The Thomson House Primary School is right next to the crossing and is extremely dangerous. This school has no playground and so these tiny children are taken to play on Mortlake Green among the abandoned syringes and the dog mess. This school should be moved to the Old Brewery recreation ground where they can have a clean open space.

No additional plans have been made for the Health Service in this area . Numbers at the Sheen Lane Health centre are beyond capacity.

Yours faithfully  
Suzanne Johnston
