FW: Objection to Mortlake Brewery (Case Ref: SO34671)

Dear Richmond Council Planning Dept,

I would be most grateful if you would consider Ms Semple's comments forwarded below.

Yours sincerely,

Sarah Olney

MP for Richmond Park

[REDACTED]
Subject: Objection to Mortlake Brewery

Dear Sarah,

I am writing to completely object to the plans that have been submitted for the redevelopment of Mortlake Brewery.

The infrastructure around this development is already stretched - roads are routinely blocked, the railway crossing at Mortlake is always blocked and Chalker's Corner is always blocked with traffic adding unnecessary time it takes to get anywhere. Additional traffic on the scale planned will make the entire area unworkable.

The scale of this project is completely out of kilter with the surrounding neighbourhood and will quickly overwhelm the likes of Barnes and Mortlake with far too many people and destroy the lovely village feel that Barnes has

The proposed scale of the building will also destroy the skyline along what is one of the prettiest stretches of the Thames.

This development is ill thought through and is only about making money for the developer and not taking into account the needs of the local people and it should be stopped.

I am extremely concerned that Richmond Council has been supporting this development!

Regards.

Sarah
