Comments

Type of comment: Object to the proposal

Comment: I wish to object to this proposal for various reasons, but most of all because of the effect on local traffic if permission were granted. The road through Mortlake to Chalkers Corner is already very busy at most times of the day, often with long delays. The addition of substantial extra traffic would cause gridlock, with serious consequences for the environment and public health. For this reason, I implore our otherwise excellent Council to reject the application.
