Type of comment: Object to the proposal

Comment: This proposal is ludicrous. Considering the lack of road infrastructure/ access in this area which has been exacerbated by the closure of Hammersmith Bridge there is no possibility for residents to go about their day to day lives. There is already a traffic crisis with three schools on the Lonsdale Road traffic is at a standstill every morning and afternoon already. Unless the developers intend to build another bridge to access the site it is not feasible to progress with this project. Has a traffic assessment been undertaken?
