Comments

Type of comment: Object to the proposal

Comment: The scale of the development would be detrimental to the village feel of the Barnes/Sheen area and would compound the traffic issue in a zone that is already congested and affected by the Hammersmith Bridge closure.

How does it make sense that one end of Sheen Lane is a designated conservation area where any proposed alterations are highly scrutinised by the council and yet Richmond planning is considering a nine-storey development of this scale at the other end of Sheen Lane?
