Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

This is a planning application for the temporary change of use of a public house car park to provide a food and produce market.

I have been looking around Teddington for a suitable location for a food market (bread, cheese, organic fruit, vegetables, sustainable meat etc), but it has been quite difficult. We do not have many streets that can be easily closed or town halls / market squares. It is a shame that the community of Teddington doesn't have a market like this, as we don't have a butcher or a fishmonger either. The premise of the market is to bring local, sustainable and high quality produce every month to excite our community and offer something a bit different each time with 1 guest trader each month.

The traders that we have confirmed for the monthly market are as follows; Olivier's Bakery (french bread, pastries, brownies), Wild Country Organics (organic fruit and vegetables - also trading at Twickenham Farmer's Market), Downland Farm (meat), The French Comte (cheeses), Wild Fish Project (fresh fish from Dorset), and a rotating trader so we can ensure that other producers can come too. We are limited on space, so we will have the guest spot to avoid people missing out, and also offering different foods each month.

The King's Head on Teddington High Street are supporting the use of their car park on the last Saturday of each month from 9am - 2pm to allow for a very small food market to trade. We won't be serving hot food, so there will be no gas on site. The wastage will be sorted by the the market organiser and the pub with Zero Mile Recycling at the end of the market - there will be zero trace of a market afterwards.

Teddington doesn't have a food market, so in similar fashion to Twickenham, Surbiton, Thames Ditton etc, it would be great to have this for the community every month.

Has the work or change of use already started?

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- Yes, on the development site
- Yes, on land adjacent to or near the proposed development
- No

b) Designated sites, important habitats or other biodiversity features

- Yes, on the development site
- Yes, on land adjacent to or near the proposed development
- No

c) Features of geological conservation importance

- Yes, on the development site
- Yes, on land adjacent to or near the proposed development
- No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?

- Yes
- No

Please add all the exemptions or transitional arrangements that apply and provide a reason why

Exemption:

Development subject to the de minimis exemption (development below the threshold)

Reason for selecting exemption:

It's just a food market on a car park. It doesn't affect biodiversity

Note: Please read the help text for further information on the exemptions available and when they apply
