Comments

Type of comment: Make a general observation

Comment: The proposal mentions new pedestrian access from Alton estate into Richmond Park. I cannot see from the plans whether there will be a path on the estate leading to the new access.

I live in a block of flats close to where the proposed new access would be located. I am worried about the increase in cars parking on the estate in order to access the park. There is already pressure on parking places and I am concerned that new access to Richmond park would increase this problem.

Has this been taken into account?
